ORDER GRANTING PETITION

---

On July 20, 1993, the Medical Examining Board filed its Final Decision and Order in the above-captioned matter. By the terms of the board's Order, Dr. Beaver's license to practice medicine and surgery in Wisconsin was limited in part to require that within three months of the date of the Order, Dr. Beaver complete an assessment and evaluation of his knowledge and skills in the practice of medicine at the University of Wisconsin School of Medicine, Continuing Education Program.

On September 29, 1993, the board received a letter from Sarah Aslaksan, Program Administrator for Continuing Medical Education, indicating that they had been unable to arrange for Dr. Beaver's assessment by the ordered deadline due to the absence of Dr. Thomas D. Meyer, Program Director. An extension of the deadline was requested. The board considered the matter at its meeting of October 20, 1993, and orders as follows:
